## FOREWORD

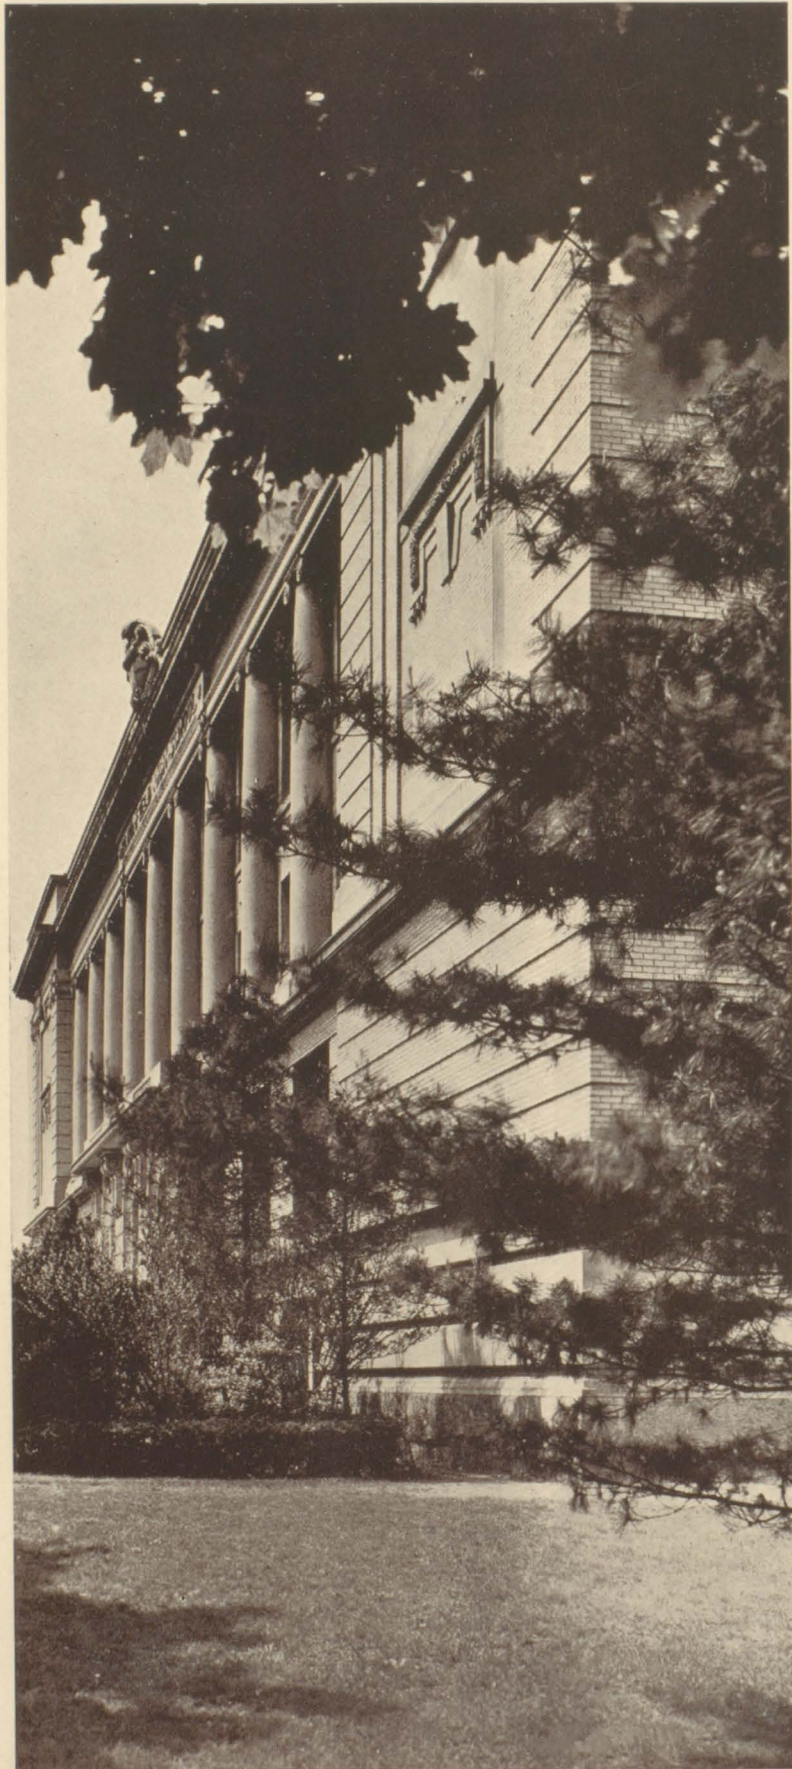

●

The past, especially these last four years, has been a series of experiences and upward steps on the ladders of time and of success. We are rich in material for our reflections. As we think back over our high school days, we find many pictures rooted fast in our minds and sealed upon our memories, pictures through which we have the power to reflect each precious moment in the mirror of our thoughts.

The future is like a new and wonderful book, crammed with unforetold humor, pathos, and happiness. Soon we shall become absorbed in its pages and live its tempo. Life is the teacher who helps us to understand and appreciate the ups and downs of the plot. But the individual is the main character, to be carried through the story on his own merits. As the plot thickens, may this annual, through the haze of the intervening years, dust the cobwebs from the memory and serve as an open door to past reflection.

THE EDITOR.

## DEDICATION

We, the class of June, 1939, dedicate this book to our advisers, Miss Elma M. Houseman and Mr. William A. Willever, in gratitude for their friendship, service, and undivided loyalty in all our endeavors. We cannot express in words how much their guidance has contributed to the success of our undertakings.

## IN MEMORIAM

The death of Mr. James C. Brown, a member of the Board of Education for more than twenty-seven years, brings to our community and to the school system of Bloomfield a distinct loss. He is gone from among us, yet his personality remains. His high sense of devotion to the cause of education has long been distinguished; his warm-hearted friendship has won our affection; but while we grieve at his loss, we rejoice that we have been privileged to know him as our friend and co-worker and to know that he has been the apostle of sunshine and hope to many high school students.

His attention to educational policies and to everything for which the Board of Education is responsible has been no less devoted. His faith in our school system, his stalwart defence of our schools when they were unjustly attacked, his hearty and cordial approval of new ideas, which proved sound and which oftentimes promised much for the benefit of the children of our schools, have been of incalculable assistance in the upward march of true education.

His devotion to the cause of education and his able leadership have commanded our admiration and loyal support, and his warm-hearted friendship has won our affection.

### IN MEMORY OF JEAN SAVILLE

In April of our senior year Jean Saville, a fine and loyal classmate, passed from our midst.

Jean was different from most of us in that he thought more deeply of life. His was an introspective mind and a poet's soul. He expressed in poetry what others express in music.

Words can never indicate our sorrow. We know, however, that time brings us a true understanding. It is enough to say that God willed it so and that our duty is to retain Jean's friendly spirit and to cherish his memory.

## CLASS HISTORY

Four years ago a bunch of bashful freshmen entered Bloomfield High School. Looking back now, we can hardly recognize ourselves getting lost in the halls and plunging up the wrong stairways. That year, however, was not all spent wandering about in a daze. Early in our second term, we elected officers, which were destined to be oft-changed. The original slate consisted of Richard Sexton, George Mitchell, Grace Moran, and Jean Wright. In May our first dance went off with a bang. It was then, at the very outset, that we learned that our class was outstanding for co-operation.

By the next September we were worldly-wise veterans. Our members had already started to go places and do things. A revised set of officers came into office, bringing us George Mitchell, Richard Sexton, Dorothy Wright, and Grace Moran. As sophomores, we initiated the "Turkey Trot", which was repeated with even more success the following year.

Another summer over, and oh, how great it felt to be upper-classmen at last! The time, which had seemed to go so slowly until then, began to move with remarkable swiftness. Once again our slate of officers was rewritten. We were now headed by Paul Kummer, Robert Marsh, Janette Hart, and Alex Scharff. We all, of course, remember our junior year for the "Prom", a glorious affair and one which marked an important milestone for many.

We arrived at our senior year, the final and most illustrious peak of our high school career, under the leadership of Robert Betts, Mark Keeney, Mollie Collins, and David Engel. All our efforts in the fall were bent toward making a success of our play, "Petticoat Fever". In December the "Senior Prom" came along as the event of the season. Then the first term was past, and we were busily engaged taking pictures for the annual, being measured for caps and gowns, and checking class lists to be sure we were not left out. Our final effort, "The Farewell Fling", in April scored one more success. Class Night, at the time of these annotations, is still before us, holding forth great hopes and aspirations.

All too soon we find ourselves at the end of these four happy years, looking ahead to new and greater horizons, reënforced by the knowledge and experience which we have gained, holding close to us the many indelible memories upon which we shall often reflect in the future.

"Petticoat Fever", "A Tropical Farce in the Arctic", was a great success as the senior play presentation of the June '39 class, mainly due to the very capable acting of a wisely-chosen cast. Jean Saville, whose acting ability was revealed very early in the tryouts, was especially convincing as an English radio operator and was ably supported by a cast including Caroyl Tietz as a charming English girl; Gladys Jacobs as a coquettish mercenary; and Irving Scheckman as a blustry, egotistical Oxford graduate. The minor characters were no less well portrayed and added a great deal to the atmosphere of the play. Dixi Crosby, as usual, did an excellent job of directing and on this score was helped by Robert Banks, a Bloomfield graduate. The play was a difficult one for an immature cast but was beautifully handled and became another in a long line of senior play hits.

## FOOTBALL

We may be proud of the accomplishments of Bengal gridiron warriors in the past four years. In the first three years of our high school careers the football eleven won the state crown by defeating Collingswood in 1935; by being co-champs with Passaic in '36; and by submerging a powerful New Brunswick squad in 1937. Although, in comparison with the records of these three teams, the '38 team seemed to have had a poor season, it, too, was a squad of which we may be proud. That team built up a very impressive total of points scored against opponents whom it held to a comparatively small total.

The coaching staff started the season with a lack of seasoned material and molded a "green" bunch into an excellent offensive and a good defensive team that could have brought the state crown to Bloomfield again had it had a little more of that ever-valued quality, experience.

The record shows two scoreless ties with Nutley and Belleville. Three defeats were suffered at the hands of Montclair, our traditional rival; Garfield, our toughest opponent this season; and Paterson Central, which proved, however, to be a 1-0 forfeit upon the discovery of the ineligibility of Captain Mosca of that team. Four wins were registered over South Side, Dickinson, Irvington, and Central of Newark.

The 14-13 loss to Montclair hurt our pride a little, but it probably cemented the series by increasing the rivalry. The bond needed a little strengthening, because of nineteen contests Montclair has won only five games.

## BASKETBALL

In '37 the "Bengal Basketeers" blasted their way to the state championship against top-heavy odds with one of the best roughhouse teams ever turned out in this state.

The '38 team did not fare so well. They lost only one game during the regular season, but they were beaten in the tournament play-offs by the powerful Thomas Jefferson quintet.

This year's team was a big, fast, smooth-playing, and accurate-shooting bunch, consisting of Captain Hal Savage, a fine player and pointmaker; Andy "Chink" Kostecka, the state's highest scorer; "Ziggie" Kinder, a good little player on any court; Jackie Robinson, a grossly underrated player; and Bill Greenip, a good guard. The first four men rated on the newspapers' all-state teams.

The second team boys deserve recognition for their excellent work this season. A little experience will make them number-one candidates for first string berths.

Until the tournament playoffs the team was in perfect condition, but none of the tournament games in which our team took part was finished much before 12 P. M., and when the team had tough battles to play two nights in succession, the strain was too great even though our boys put every ounce of fight in their bodies into the game and fought valiantly until the end. Memorial High of West New York emerged the victors and state champs over a team totally fatigued in mind and body.

## TRACK

Track is a sport that has come to the fore in B. H. S. in the past few seasons, and one that commands a large following. This season there was a turnout of about fifty good prospects.

The three lettermen remaining this year are as follows: Captain Frank Rhodes, who specialized in the low hurdles and is an excellent possibility in the 220 yard run and the high jump; Bill Young, the team's best man, a lanky, unjointed streak, who is proficient in the 440 and 880 yard runs; and Ed Van Buskirk, probably the team's most versatile man, who excels in the high jump, broad jump, high hurdles, and javelin toss. Ed is the only member of our class who achieved any recognition on the cinders.

The outstanding prospect this season is a lad by the name of Markowitz who earned his J. V. letter last year and has possibilities in the 440 and high jump.

Mr. Wooley, the coach, has arranged a tough schedule of ten meets with some of the best teams in the state.

## FENCING

Fencing, which rates much more attention, is one of the minor sports about which most of us know very little.

This year's team, made up of Captain Philip Johnson, ex-Captain George Mitchell, and Vincent Purcell, won the majority of their dual competitions and tied for second place in the state fencing meet.

A great gap will be made in the fencing team by the graduation of these three lads in June, and it will require a lot of experience and seasoning to bring the second string, which will have to fill the first team berths next year, up to the level of these boys.

## SWIMMING

Coach Richard H. Cheadle has turned out some excellent swimming teams and has helped many a young swimmer along toward success, but this year he had to handle a lot of inexperienced boys who competed with some of the best swimmers in the state.

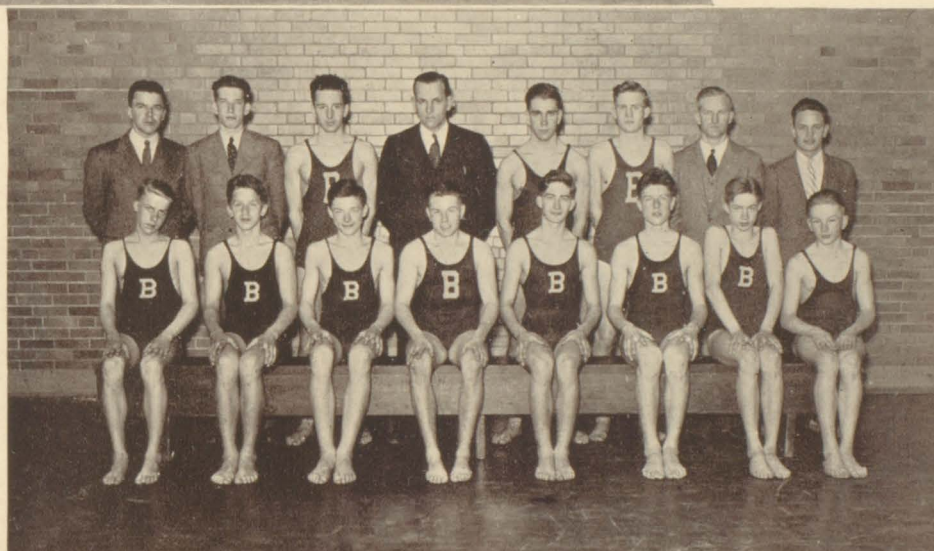

The mid-season graduation of two good men left only five lettermen in a team consisting of thirty-two swimmers. Thus, a poor season proved to be the initiation for Mr. Neal Takala, who became faculty adviser after the resignation of Mr. James Haupin.

A bright spot in the season was the performance of Captain Bob Donovan, who didn't lose a single dual meet.

## TENNIS

Some people belittle tennis and term it a "sissy game" because it was once a "rich man's sport", but it requires agility, accuracy, speed, and endurance to play a good game of tennis. Imagine trying to build a team of fellows who possess a combination of these qualities; then you will understand the problem facing Mr. Kendall, the coach, because he doesn't have any veterans returning this year. We expect, however, that this year's team will continue the good record created during the four short years of the existence of this sport in B. H. S.

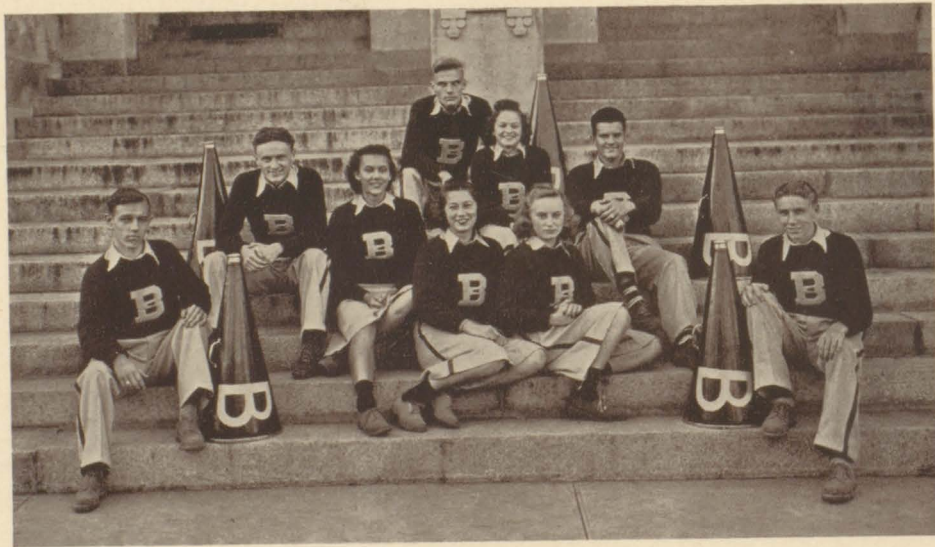

## BASEBALL

Bloomfield's 1939 baseball nine should have a good season because it has the advantages of promising candidates and experience which make up a superior team. Some of these capable performers are Captain Jack Campbell, Jack Robinson, Harold Savage, "Ziggie" Kinder, Bill Borowy, Bill Greenip, and Tommy Adams.

In '35 the Bengals earned the state championship by winning the Greater Newark Tournament, while in '37 they were defeated in the finals by Hillside, who won the title.

Though the 1938 Bengals did not reach the playoffs, they had a fairly good season. A heavy-hitting team kept our reputation afloat. Captain Don Savage, John Sheyka, Lou Caridad, Stan Krivik, Jack Campbell, and others saw to that.

B. H. S. has produced some good teams in all sports and the coaches have turned out some promising players. Two boys who have made good are Don Savage, who is playing with a minor league of the Yankee Chain, and "Hank" Borowy, who has made a name for himself in college baseball circles as a first class pitcher.

GIRLS'  
ATHLETICS

## GIRLS' GYM TEAMS

"Nobleness enkindleth nobleness."

This year, Miss Edith Russell, our physical director, celebrates her twenty-fifth year of teaching physical education in Bloomfield High School. We desire to thank her, our faithful teacher, friend, and companion, for all the many happy hours we have spent with her. We have learned much and shall always remember her as having taught us the importance of physical fitness and of good character. We have grown to love her and shall, without doubt, often recall the many flashes of her wit and good humor, mingled with her enthusiasm and sympathetic understanding.

From a twelve-girl gym team in 1914 to a senior gym team composed of 60 girls and a junior team of 90 in 1939—such has been the rise of our popular athletic gym teams.

During the years of Miss Russell's teaching, it has been the custom to give an annual exhibition, but for this has been substituted a mother and daughter banquet, followed by an informal program illustrating the girls' athletic abilities. This year at the banquet, on April 20, the annual prizes were given to deserving girls of the classes of January and June 1939. Silver basketballs were given to the following girls of the former class as a reward for their inter-class championship victory: Helen Ulrich, Leila Dyson, Jean Agne, Ann Weber, Helen Lundegaard, and Mary Johnson. A special medal was given to Ann Weber for being the best athlete of the January '39 class. To the senior gym team captain, Dorothy Wright, and co-captain, Mollie Collins, were awarded medals for being the best all-round girls of the class of June '39. A medal, never given before in B. H. S. history, was given to Margaret Bushby, our own Pavlova, for, although never a member of a gym team, she is in reality a part of us because of her unselfishness and the loyalty she has displayed in co-operating with us in all our exhibitions, banquets, and other entertainments. Margaretta Ward and Jean Seaman, as the best athletes of our class, were given medals. Gertrude Downs, captain of the junior gym team, was also awarded a medal because of her leadership ability.

In June of each year, girls' major B's are given to the girls who are members of the senior gym team who also play on the archery squads and class basketball teams. To the girls of the junior gym team who also participate in the above sports are awarded significant emblems.

## BASKETBALL

The basketball team closed its fourth season by holding the January '39 team, inter-class champions for two years, to a tie game that will be long remembered by all participating. We lost one game previous to this but feel that we had a good year although our hopes for the championship were never fulfilled.

Many girls in the class were active in basketball during the four years, with many changes made in the teams each year. The team in our senior year had Margaretta Ward as captain; forwards—Eillen Dixon, Betty Pilch, Doris Carley, and Jean Seaman; guards—Ann Ullman, Martha Nagy, and Doris O'Hara; centers—Margaretta Ward, Janette Hart, and Alice Williams. The freshman and the sophomore teams were captained by Elberta Mellen and the junior team by Betty Pilch.

## GIRLS' SWIMMING CLUB

The Girls' Swimming Club of 1939 was coached by Miss Galley of the Montclair Y. W. C. A. and had Miss Virna Wilson as its adviser.

The club had two play-days with Montclair High and with Glen Ridge High. They consisted of many kinds of races: obstacle, relay, and straight competitive. The girls of the two schools combined and were divided into four teams of equal number. The four teams competed with one another, and the winning team was the one having the highest score at the end of the hour.

In our club we have two outstanding swimmers, Evelyn and Iris Sofield, who have aided us a great deal in our competition.

## ARCHERY

Bloomfield High School may be proud of the record set by its girls' archery team in the past two years. Archery was started here as a new sport about three years ago, and we have now one of the best teams in the state.

In the indoor state tournament this winter we took first place. Margaretta Ward and Gloria Solvik finished second and third place respectively in the finals of the Indoor Winter Tournament. Three of our girls have had the honor of being on the team: Margaretta Ward as manager, Mollie Collins, and Jean Seaman. Jean and Margaretta were also on the team the previous year. In all of the meets so far this year Bloomfield has remained in first place.

Last year an interclass archery tournament was started; eight girls were chosen from each class according to their ability.

Our archery team this year received the great honor of being invited to shoot at the World's Fair in New York.

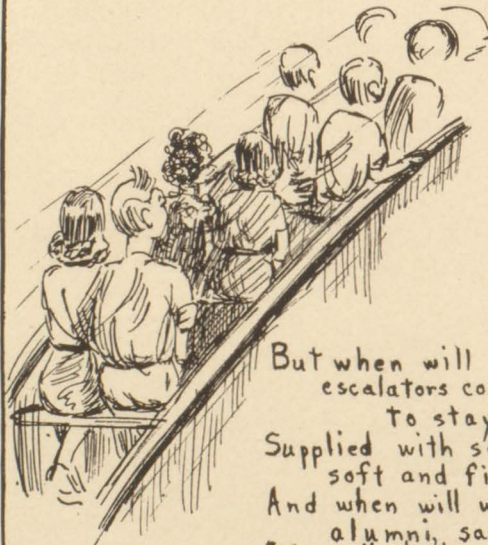

# B H S THEN — AND WHEN?

Then — we trudged up miles  
of stairs,  
And sometimes we were late  
to class.  
To us, naught would seem  
more fair,  
Than moving stairs,  
sure and fast.

Then — we sat on hard wood  
With backs and knees in kinks,  
Such discomfort we have stood  
How could we possibly think?

But when will comfort reign  
supreme  
With downy cushions for our  
seats?  
(Ah! Very heaven it will seem  
When on our desks we rest  
our feet)

But when will  
escalators come  
to stay  
Supplied with seats so  
soft and fine;  
And when will we, the  
alumni, say  
"We walked those stairs  
once 'on a time!"
